Part B for April 1932

SUBJECT.

Conveyance & other allowances to the Non-Gazetted Officers of the P. W. D.

R 30) To Comptroller, Ch. Engineer & Secy P.W.D. R 7762-4 of 19.4.32

Issued revised orders on the above —

26/4/32

Serial No.

Allowances in the Public Works Department.

1) Conveyance allowance at Rs 35/- Rs 30/- and Rs 15/- respectively to Sub Engineers, Overseers and Suboverseers.

These Conveyance allowances are in accordance with the rates prescribed in Appendix 4 M.S.R. No orders have yet been passed as to which of them should be treated as fixed T.a and subject to 20 percentage cut and which of them not. The connected file has been referred to the P.W. Secretary for his opinion. Besides this there is no intention perhaps at present to revise the rates of Conveyance allowance.

The rates may remain unchanged; but the allowances should be regarded as pay. cub.

2) Double Conveyance or P.M. to P.W. Subordinates residing in Special Tracts.

The distinction between Maidan and Special tracts has

been done away with for purpose ~~of so grant~~ such Concessions. ~~Such~~ Article 634 M.S.R with all the notes thereunder have been deleted. This double Concession should therefore have ceased. ~~Of Course~~. It is however ascertained from the Audit Office that the double rate is being permitted. The a.c. slip concerned has issued to the Comptroller.

I think there should be a uniform rate of allowance for all areas. Flag N.

The rate may be Rs 15 throughout.

3) ~~Conveyance allowance of~~ Rs 6/= to Store keepers as per Appendix-4 M.S.R.

This conveyance allowance is perhaps on account of there storekeepers having to go to Railway Stations ~~&c~~ frequently to obtain Stores imported, and also to weigh firms supplying the goods. ~~If so whether all the Store-keepers in all the Divisions have to be paid may perhaps be examined.~~

This may remain if the work requires the same keeping Clerk

This is as in the case of an Overseer. The connected file is not received from the P. W. Sect.

6) 2 Tank work Sub overseers. Conveyance allowance at Rs 15/- each.

Vide remarks against item (1)

The question of decision as regards the Conveyance allowances of P. W. Subordinates will cover this case also. (The connected file is not received from the P. W. Secretariat.)

7) 2 Tank Monegars. Conveyance allowance at Rs 7.8. each.

It is ascertained from the Audit Office that the allowance has been since reduced to Rs 5/- (The file leading to the sanction of this allowance is

not received from the P.W. Secretariat.)

8) Saloonveer of the Government Bungalow at Coty

Conveyance allowance Rs 20/-
Hill allowance Rs 30/-

The Conveyance allowance in question will be governed by General orders under Consideration.
Papers relating to grant of Hill allowance are not received from the P.W. Secretariat. This is of the nature of a local allowance.

The Conveyance allowance ought to be Rs 15 (subject to a limit of 20%) and a Hill allowance Rs 15 may also be given in addn. The maximum of the two allowances shd not exceed Rs 30 as recommended by the Pay Committee.

9) Local or Duty allowance at 20% of pay to the Staff employed on Special works mentioned in the Statement.

This has perhaps to be dealt with as a general question in respect of Such

(1) Conveyance allowance at Rs 35, Rs 30 and Rs 15 to Sub Engineers, Overseers and Suboverseers respectively.-

No 252-R/4-2-32

The Suboverseers have to maintain a conveyance such as a horse, a jutka or a bullock cart for the discharge of their duties and for this purpose they are granted a conveyance allowance ranging from Rs 15 to 20 according to the nature of their duties. The limit of Rs 15 per mensem is low enough in their case. The conveyance allowance of Sub Engineers and Overseers only may be subjected to the cut of 20 per cent.

(2) Double the conveyance allowance to subordinates residing in the special tracts.-

The allowances in these cases may be reduced by 20 per cent.

(3) Conveyance allowance of Rs 5 to Store-keepers.-

Their work requires the maintenance of a bicycle or other mode of conveyance. The allowance has therefore to be continued.

(4) Special locality allowance.-

The allowance may be continued owing to the unhealthiness of the localities.

(5) Conveyance allowance of Rs 30 to the Chief Store-keeper, Water Supply Division.-

The Chief Store-keeper's duties require the maintenance of a conveyance, and as he has to make frequent

Serial No.

journeys to the Railway station and to the firms in the City and Cantonment in connection with the receipt and issue of stock, he is granted the same rate of conveyance allowance as an Overseer. This allowance may be continued subject to a cut of 20 per cent.

(6) 2 Tank Work Suboverseers.- Conveyance allowance of Rs 15.-

Please see the opinion against item No.(1).

(7) Conveyance allowance of Rs 7-8-0 to 2 Tank Monegars.-

A cycle allowance of Rs 5 may be allowed instead of Rs 7-8-0.

(8) Conveyance allowance of Rs 20 and Hill allowance of Rs 30 to the Suboverseer at Ooty.-

The conveyance allowance of Rs 20 may stand. As regards the Hill allowance, it may be stated that the allowance has to be continued on account of the costliness of living on the Hills at a place outside the State and on account of the fact that he has to provide himself with specially warm clothing during a major portion of the year due to very chill climate. The two allowances may stand .

(9) Local or duty allowance of 20 per cent of pay to the staff employed on special works.

A list of men drawing such allowances has been since furnished separately.

(10) Lakkavalli project Surveys.-

On account of the unhealthiness of the locality and specially arduous nature of the duties, the duty allowances sanctioned may be continued till 30th June 1932.

(11) Anjanapur Range.-

For reasons set forth against item (10) above, the allowances already sanctioned may stand.

(12) Allowance of Rs 10 to a clerk in the Chitaldrug Division for doing Store-keeper's work. -

This may be reduced to Rs 5 as observed by the Financial Secretary.

(13) Duty allowance of 20 per cent to the Electric Operator, Water Supply Division.- The opinion of the Ch. El Engr is awaited.

(14) Soldevanhalli Pumping Station Tank Inspector and Overseers-

No remarks.

(15) Bangalore City Distribution.- Conveyance allowance to Water Inspectors, Meter Inspectors and Bill Collectors.-

A cycle allowance of Rs 5 each may be passed for the Water Inspectors and Bill Collectors. As they

are only two Meter Inspectors, they have each a wide area to pass through in the city and its extensions. The conveyance allowance of Rs 15 may therefore be continued to them. The cost is borne by the Bangalore City Municipality.

(16) Duty allowance to the Pumping Establishment of Yelemallappa Chetty tank.-

The staff is stationed in a village about 11 miles away from Bangalore. They do not command the same comforts as are enjoyed at the other Pumping Stations. The allowance is therefore necessary in their case.

(17) Vani Vilas Water Works.-

(a) Local Allowance of 20 per cent to the Pumping Establishment.-

The same remarks as for (16) hold good here.

(b) Conveyance allowance to the Meter Inspector and the Water Inspectors.

(b) Tank Inspector - conveyance allowance Rs 15.-

He has to go round the waterspread of the tank and has to maintain a horse for the purpose. The allowance is therefore necessary.

(c) Meter Inspector - conveyance allowance Rs 10.-

This may be reduced to Rs 8.

(d) Sanitary Inspector- Fixed travelling allowance Rs 30.

The proposal of the Executive Engineer, Water Supply Division, to replace the Sanitary Inspector by an Assistant Sanitary Inspector on Rs 30-2-50 plus conveyance allowance Rs 5 has been forwarded to the Comptroller for verification.

Dear Sir,

With reference to this office U.O.No. 243 dated the 30th ~~February~~ January 1932, I am forwarding herewith copy of D.O.letter No.4292 of the 20th instant and of its enclosure from the Chief Electrical Engineer, recommending the continuance of the duty allowance drawn by the Electric Operators working in the Soldevanhalli and Bethamangala Pumping Stations.

Yours sincerely,

Financial Secretary to Government,

D.O.No.4292 dated 20th February 1932, from the Chief Electrical Engineer in Mysore, Bangalore, to the Chief Engineer and Secretary to Government, Public Works Department, Bangalore.

With reference to your D.O.No.157 dated 3rd February 1932 regarding the proposal of granting a conveyance allowance of Rs.5/- per mensem, in place of the Duty Allowance of Rs.25/- now drawn by the operators working in the Soldevanhalli and Bethamanga la Pumping Stations, I wish to invite kind reference to this office letter No.11558 dated 2nd December 1925 (copy herein ecnlosed for ready reference) wherein the necessity for the grant of the allowance has been fully discussed by Mr.Forbes. I would, therefore once again urge that the existing allowance may be left untouched as it is not fair to deprive the operators, who are obliged to live in an out of the way place subjecting themselves to many inconveniences, of the concession they have been enjoying all these years.

Letter No.11588 dated 2nd December 1925 from the Chief Electrical Engineer, to the Chief Engineer of Mysore, Bangalore.

Duty allowances to Operators lent to the Water Supply Dept.

In forwarding herewith copy of this office No.9112 dated 29th July 1925 to the address of the Executive Engineer, Water Supply Department, in connection with the stoppage of the duty allowances that were hitherto being paid to the two Operators lent to the Water Supply Department from the Electrical Department for charge of the electrical plant at Soldevanhalli and Bethamangala, I have the honour to state that in the case of all transfers from Department to Department, it is the usual practice to sanction the hands transferred either an enhanced rate of pay or more commonly an additional emolument in the shape of a duty or local allowance, so that they may have an addition to their emoluments but at the same time may not feel agrieved on reversion that their

pay was reduced to any extent. In the case of the two operators referred to, their grade of pay in the Water Supply Department is the same as in the Electrical Department and it is hard to expect them to do the arduous work of looking after the Electric plant single handed in out of the way places as Soldevanhalli and Bethamangala on the same rate of pay that they would have drawn along with their colleagues in this Department if they had not been transferred. The nature of work to be done by these operators is certainly more responsible and requires greater hours of attendance than they would have had to work if they had remained in this Department. It is therefore also fair that they must expect some additional emoluments on this account and it is on this ground that the duty allowances were sanctioned to them in the first instance.

Kind reference in this connection is also invited to my No.10944 dated 2nd November 1925 where I have made recommendations for the grant of a local allowance to the Operator proposed to be sanctioned for looking after the Electric Plant in the Belagola Pumping Station also on the same grounds. Besides the above, by reason of the fact that it is not in the interest of the work of either the Water Supply Department or the Electrical Department to make very frequent transfers merely on personal grounds, the Operators transferred to the Water Supply Department cannot expect any acting promotions during short periods of leave etc., of their Seniors which they might have got if they had been allowed to remain in the Department to which they generally belong.

In consideration of the above facts and to have a uniformity of procedure as suggested in para 2 of Superintending Engineer's No.2690 dated 27-3-22, I strongly recommend that each of the two Operators at Bethamangala and Soldevanhalli may be allowed to draw a duty allowance of 25% of their pay with effect from the date from which the payment of the allowances to them was stopped.

Revision of the rates and rules of ——

READ—

Letter No. Fl. Ret. 245, dated 3rd July 1931, from the Secretary, Retrenchment Committee, Bangalore, submitting certain proposals for the revision of the rates and rules relating to Travelling Allowance.

ORDER NO. FL. 466-540—S. & A. 22-31-2, DATED 16TH JULY 1931.

It has been noticed that the expenditure on Travelling Allowances is on the increase. There is scope for enforcing economy in this expenditure without interfering with touring work and the Retrenchment Committee have dealt with this question and made a number of recommendations.

Government have considered the proposals and accepted them with one or two minor modifications.

1. The classification of officers for purposes of Travelling Allowance Rules (*vide* Article 539A., M. S. R.) will be revised as indicated below:—

Class of Officers	Daily Allowance	Railway Accommodation	Road mileage
	Rs. a. p.		
I. Officers whose salary exceeds Rs. 1,200.	7 8 0	1 Class ..	6 annas per mile.
II. Officers whose salary is Rs. 800 or more but does not exceed Rs. 1,200.	5 0 0	Do ..	Do
III. Officers whose salary exceeds Rs. 600 but is less than Rs. 800.	4 0 0	Do ..	4 annas
IV. Officers whose salary is Rs. 250 or more but does not exceed Rs. 600.	4 0 0	II Class ..	Do
V. Officers whose salary is Rs. 150 or more but is less than Rs. 250.	Two annas for every Rs. 10 of actual salary or fraction thereof in excess.	Do ..	3 annas.
VI. All other officers in superior service.	Two annas for every Rs. 10 of actual salary or fraction thereof subject to a minimum of four annas.	III Class ..	2 annas.
VII. All officers in inferior service ..	Two annas for every Rs. 10 of actual salary or fraction thereof, subject to a minimum of four annas.	Do ..	6 pies.

The Railway fare admissible to an officer in superior service for a journey on tour will be uniformly one and a half times the fare of the class to which he is entitled under the above classification; provided that officers whose salary is Rs. 100 or more but is less than Rs. 150 are entitled to one and a half times the intermediate class fare whenever accommodation in that class is available.

The concessional rates allowed by Railways should be availed of by officers and the claims for Railway fare should be reduced accordingly.

2. The privilege now allowed to officers of the Mysore Railway Department, while travelling on Foreign Railways, to claim one and a half times the first class fare irrespective of salary drawn will be cancelled.

3. The special mileage rate of three annas admissible to Inspectors of Co-operative Societies for all road journeys exceeding five miles will be withdrawn.

4. In respect of rapid marches exceeding 50 miles a day, two-thirds of the mileage rate will be allowed in future instead of threre-fouths as at present, for the distance exceeding 50 miles.

5. All claims to road mileage in the Railway Department should be submitted for the sanction of Government in the Finance Department.

6. When two or more Government servants travel on duty in the same conveyance they will not all be permitted to draw full mileage for the journey; but only one of them may exchange Daily Allowance for full mileage, the rest drawing only Daily Allowance under the rules.

7. The special rates of Daily Allowance prescribed in Article 634, Mysore Service Regulations for journeys and halts in special tracts will be abolished.

8. The maximum rate of bicycle allowance will be reduced from Rs. 7-8-0 to Rs. 5 per mensem.

9. The concession admissible under Article 632 B, Mysore Service Regulations to officers for claiming Travelling Allowance for attendance at the Annual or General Meetings of certain Associations will be withdrawn.

10. The holding of Departmental Conferences will be held in abeyance.

11. The rates of cart-hire in malnad and maidan areas which were raised to four annas and three annas per mile respectively in Government Order No. 8981-9040—G. M. 14-20-2, dated 3rd November 1920, will be reduced to their old level of two and a half annas and two annas respectively.

12. The Committee consider that the present scale of travelling allowances for journeys on transfer cannot be reduced and Government agree in this view. It is however inconvenient to have two scales of rates, one for tours and another for transfers and the question of adopting a formula which will give for transfers more or less the same allowances as now, but based on the reduced rates, will be taken up separately.

13. Following the reduction in rates made in the case of officers, the road mileage rates for Legislative Council Members and for those included in list A of Appendix P, Mysore Service Regulations will be reduced from eight annas to six annas and for the non-official members of Bodies included in list B of the same Appendix, from six annas to four annas.

14. The revised rules will come into effect from 1st August 1931.

15. Necessary amendments to the Mysore Service Regulations will issue separately.

16. The rules regarding the grant of bus fare plus daily allowance in lieu of mileage, for journeys of officers whose salary is less than Rs. 40, sanctioned in G. O. No. Fl. 9101 168---S. & A. 273-29-7, dated 11th June 1931, will continue to be in force.
